As a UnitedHealthcare Medicare Advantage plan member, you get all the benefits of original Medicare, plus additional benefits and some great extra programs.

HouseCalls — Enjoy a preventive care visit in the privacy of your own home

With UnitedHealthcare® HouseCalls, you get a yearly in-home visit from one of our health care practitioners at no extra cost. A HouseCalls visit is designed to support, but not take the place of your regular provider's care.

What to expect from a HouseCalls visit:

- A knowledgeable health care practitioner will review your health history and current medications, perform health screenings, help identify health risks and provide health education
- You can talk about health concerns and ask questions that you haven't had time to ask before
- HouseCalls will send a summary of your visit to you and your primary care provider so they have this additional information regarding your health
- HouseCalls may not be available in all areas

To schedule your HouseCall, call toll-free **1-866-447-7868**, TTY **711**, 8 a.m.-8:30 p.m. ET, Monday-Friday.

NurseLine

Teladoc

With Teladoc, you're able to live video chat¹ with a provider from your computer, tablet or smartphone — any time, day or night. **You may want to prepare ahead by setting up an account for a Teladoc Visit so you're all set when it's time to make an appointment.** You can register for Teladoc by visiting www.uhcvirtualvisits.com and then selecting “choose a medical provider”. You also can download the Teladoc app using your smartphone or tablet.

Virtual Teladoc Visits

Getting sick is never convenient. When you don't feel well, you may not be able to leave your home to go to the provider's office. With Teladoc you can ask questions, get a diagnosis or even get medication prescribed and have it sent to your pharmacy. All you need is a strong internet connection. Teladoc visits are good for minor health concerns like:

- Allergies, bronchitis, cold/cough
