Division of Personnel to Announces Continued Closure of its St. Thomas Office

St. Thomas, U.S. Virgin Islands — The Division of Personnel advises the public that its St. Thomas office is closed to in-person services today, Tuesday, October 20, 2026, due to severe damage to the building's HVAC system at the GERS building. The temporary closure will remain in effect while the issue is being addressed to help ensure a safe and suitable environment for employees and visitors. The public is asked not to report to the St. Thomas Personnel office until further notice. Updates will be provided as more information becomes available.

Although the office will not be accepting in-person visits, Division of Personnel staff will remain available by telephone and email to respond to inquiries, provide guidance, and assist with requests to the extent possible. Members of the public are encouraged to plan accordingly and take advantage of the Division's online services and resources at www.dopusvi.org.

The Division appreciates the public's patience and understanding as efforts continue to address the issue. Additional information regarding the resumption of in-person services will be shared when available.
